Department of Information Technology

Academic Year: 2025-26
Semester: VI
Class / Branch / Div: TE- IT C
Subject: MAD & PWA Lab
Name of Instructor: Prof. Saylee Lapalikar

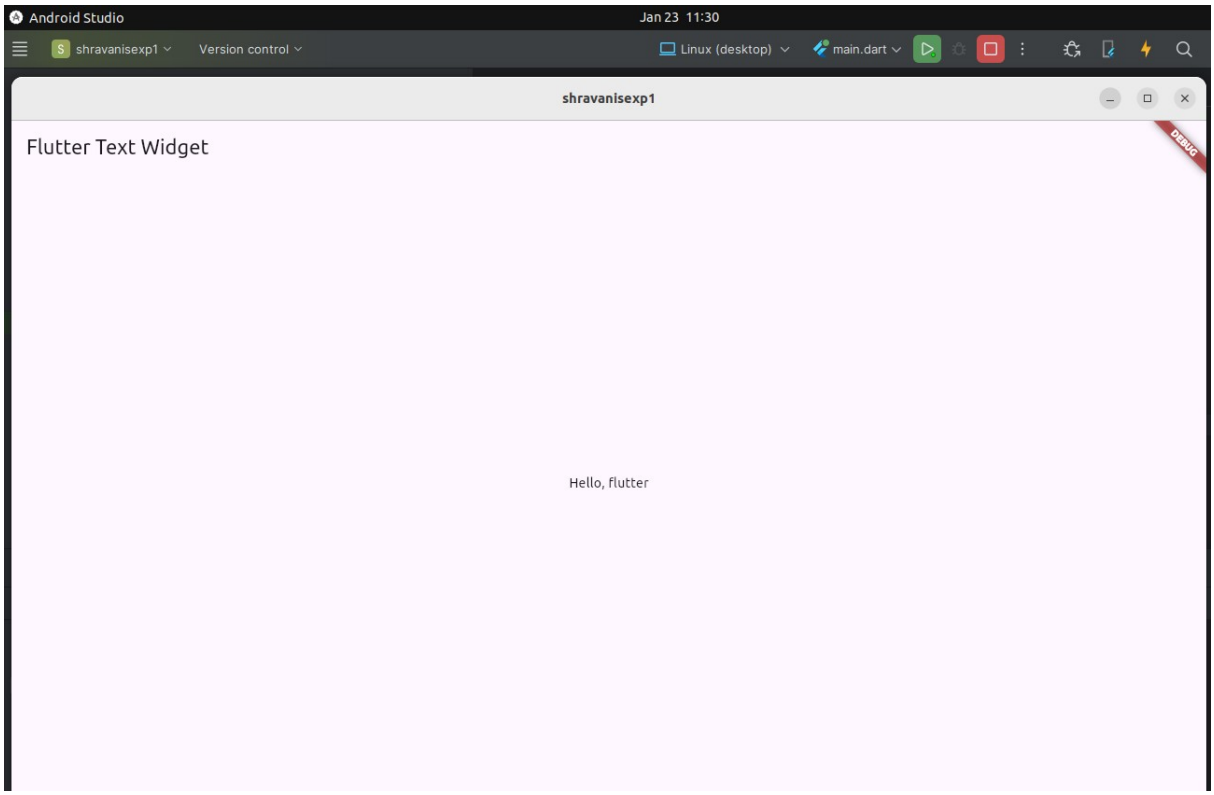
Name of Student:Shravani Sawant
Student ID:24204018
Roll No.19
Date of Submission:30/01/26

Experiment No.:2

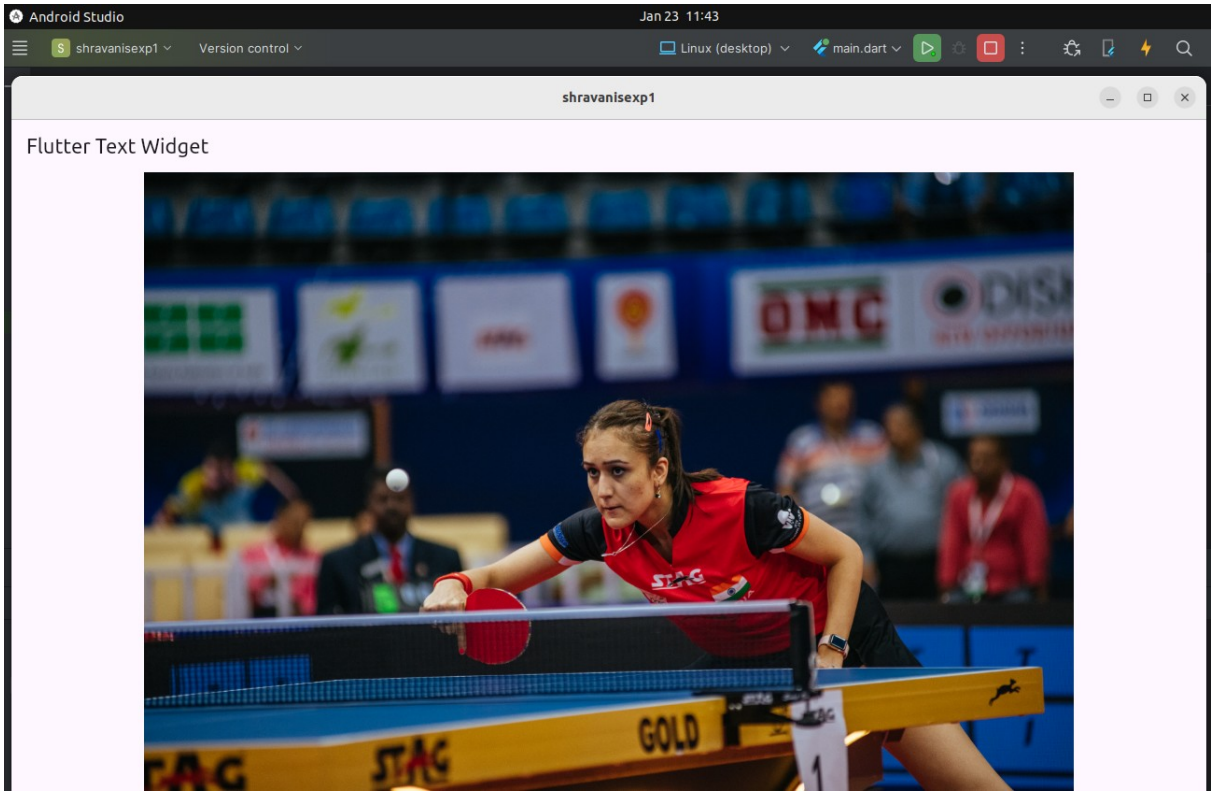
Aim: To design Flutter UI by including common widgets.

```
@override
Widget build(BuildContext context) {
  return MaterialApp(
    debugShowCheckedModeBanner: false,
    title: 'My Flutter App',
    theme: ThemeData(

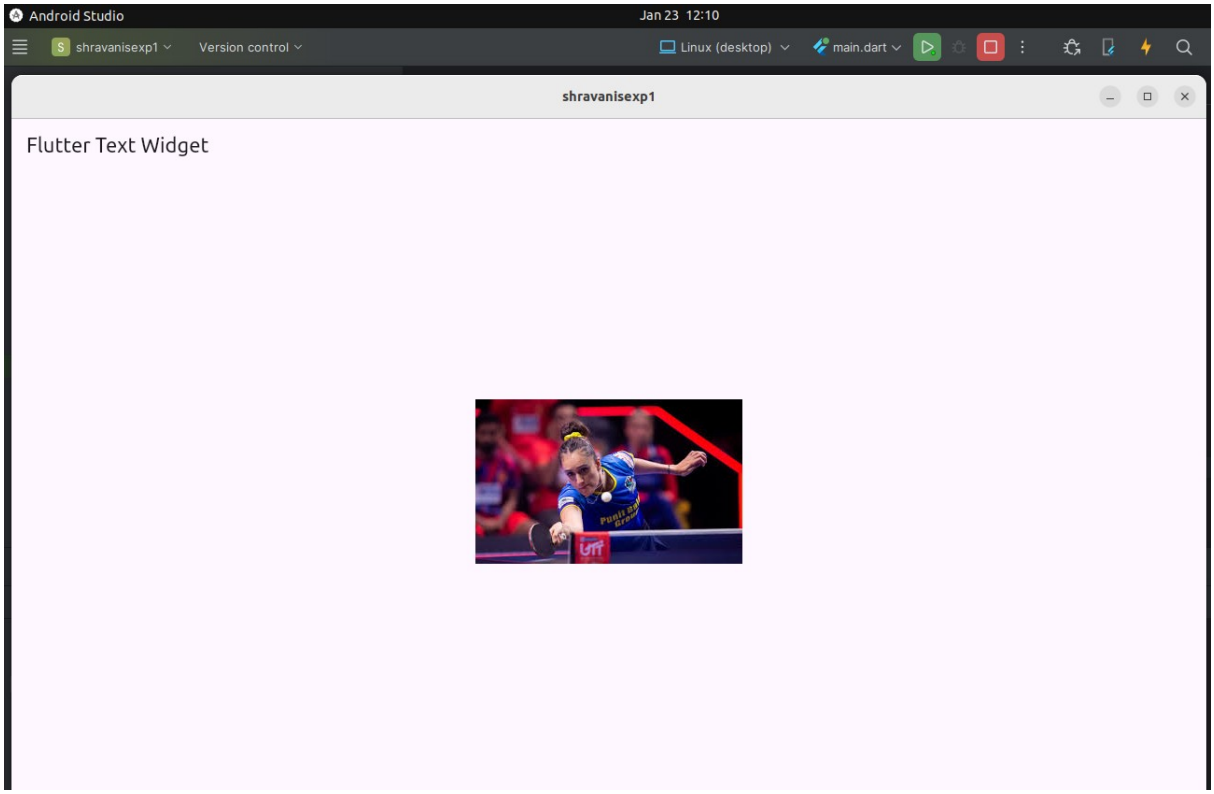
      colorScheme: .fromSeed(seedColor: Colors.deepPurple),
    ),
    home: Scaffold(appBar: AppBar(
      title: Text('Flutter Text Widget'),
```



```
body: Center(child:
Image.network('https://upload.wikimedia.org/wikipedia/commons/f/fc/
Manika_Batra_1.jpg',
```



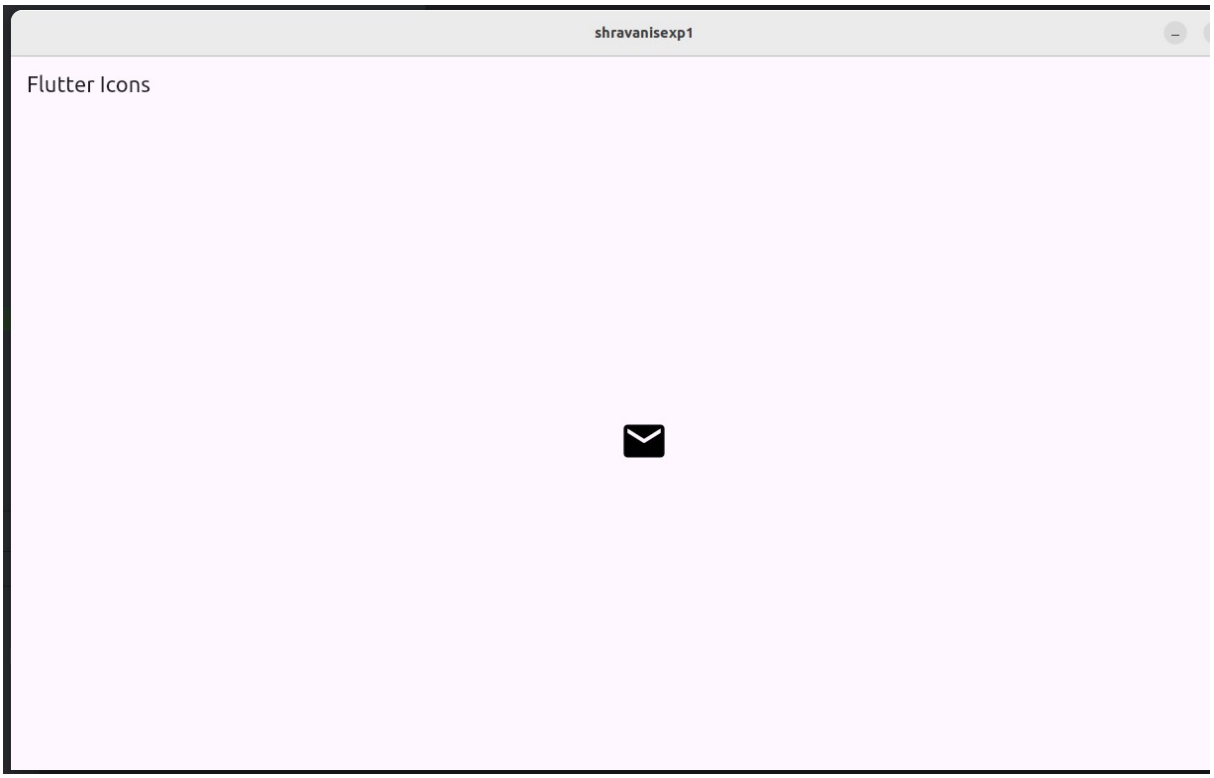
```
body: Center(child: Image.asset("assets/manika.jpeg")
```



Icon

```
import 'package:flutter/material.dart';
void main() {
  runApp(MyApp());
}
class MyApp extends StatelessWidget {
  @override
  Widget build(BuildContext context) {
    return MaterialApp(
      home: Scaffold(
        appBar: AppBar(title: Text("Flutter Icons")),
        body: Center(
          child: Icon(
              Icons.email, // Use any built-in icon
              size: 50, // Icon size
          color: Colors.black, // Icon color
        ),
      ),
    ),
    );
```

```
 }
}
```



shravanisexp1
Flutter Icons

```
import 'package:flutter/material.dart';

void main() => runApp(MaterialApp(
  debugShowCheckedModeBanner: false,
  home: IdCard(),
));

class IdCard extends StatelessWidget {
  @override
  Widget build(BuildContext context) {
    return Scaffold(
      // Gradient background
      body: Container(
        decoration: BoxDecoration(
          gradient: LinearGradient(
            colors: [Colors.transparent, Colors.grey.shade800],
            begin: Alignment.topCenter,
            end: Alignment.bottomCenter,
          ),
        ),
        padding: const EdgeInsets.fromLTRB(20.0, 60.0, 20.0, 30.0),
        child: Center(
          child: Card(
            elevation: 10.0, // Added elevation for shadow effect
            shape: RoundedRectangleBorder(
              borderRadius: BorderRadius.circular(16.0),
            ),
            color: Colors.grey[850],
            child: Padding(
              padding: const EdgeInsets.all(20.0),
              child: Column(
                mainAxisSize: MainAxisSize.min,
                crossAxisAlignment: CrossAxisAlignment.start,
                children: <Widget>[
                  // AppBar-like header inside card
                  Center(
                    child: Container(
                      padding: EdgeInsets.symmetric(vertical: 10.0, horizontal: 20.0),
                      decoration: BoxDecoration(
                        color: Colors.tealAccent.shade100,
                        borderRadius: BorderRadius.circular(12.0),
                      ),
                      child: Text(
                        'TE-IT ID CARD',
                        style: TextStyle(
                          color: Colors.amberAccent.shade200,
                          fontSize: 22.0,
                          fontWeight: FontWeight.bold,
```

```
            letterSpacing: 2.0,
          ),
        ),
      ),
    ),

    SizedBox(height: 20.0),
    // Profile Picture with shadow
    Center(
      child: Container(
        decoration: BoxDecoration(
          shape: BoxShape.circle,
          boxShadow: [
            BoxShadow(
              color: Colors.black45,
              blurRadius: 8,
              offset: Offset(0, 4),
            ),
          ],
        ),
        child: CircleAvatar(
          radius: 50.0,
          backgroundImage: AssetImage('assets/manika.jpeg'), // Profile image
        ),
      ),
    ),
    Divider(
      color: Colors.grey[700],
      height: 60.0,
      thickness: 1.2,
    ),
    Text(
      'NAME',
      style: TextStyle(
        color: Colors.grey[400],
        letterSpacing: 2.0,
      ),
    ),
    SizedBox(height: 10.0),
    Text(
      'Shravani',
      style: TextStyle(
        color: Colors.amberAccent.shade200,
        fontWeight: FontWeight.bold,
        fontSize: 28.0,
        letterSpacing: 2.0,
      ),
    ),
    SizedBox(height: 20.0),
    Text(
```

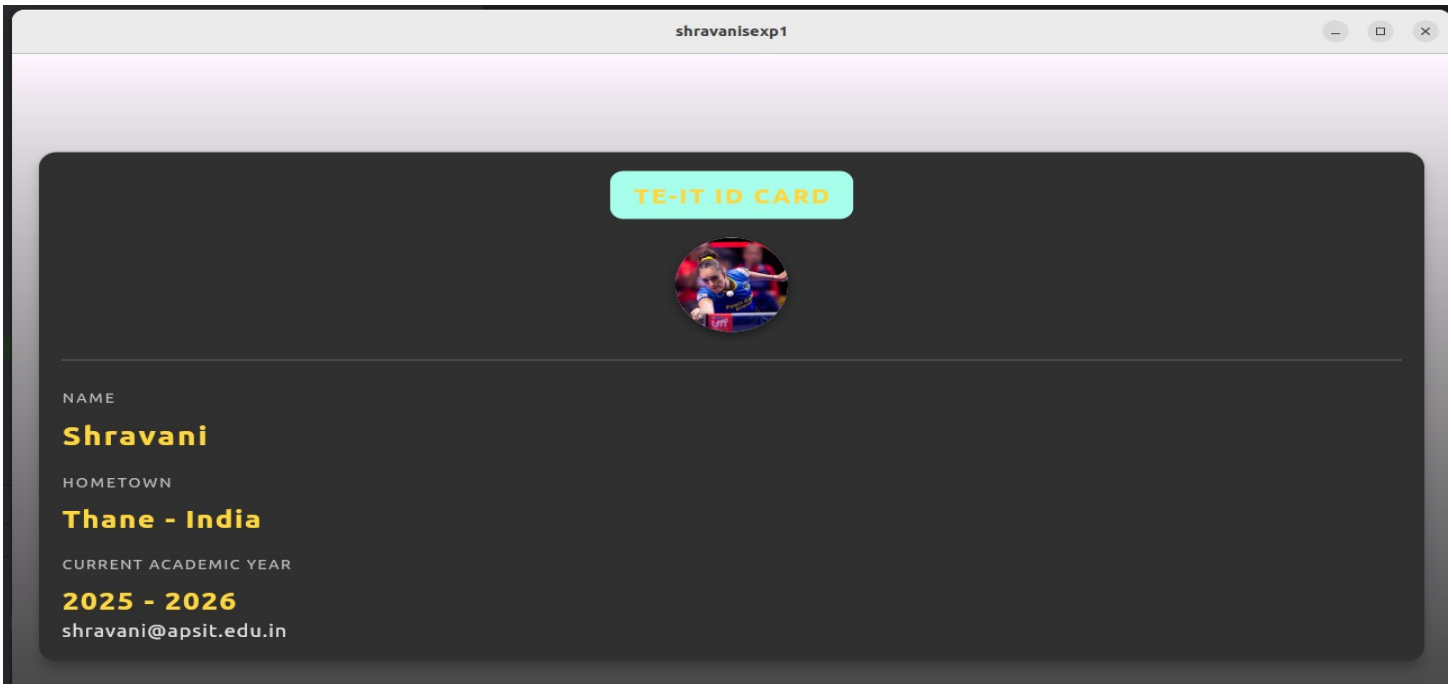
```
            'HOMETOWN',
            style: TextStyle(
              color: Colors.grey[400],
              letterSpacing: 2.0,
            ),
          ),
          SizedBox(height: 10.0),
          Text(
            'Thane - India',
            style: TextStyle(
              color: Colors.amberAccent.shade200,
              fontWeight: FontWeight.bold,
              fontSize: 26.0,
              letterSpacing: 1.5,
            ),
          ),
          SizedBox(height: 20.0),
          Text(
            'CURRENT ACADEMIC YEAR',
            style: TextStyle(
              color: Colors.grey[400],
              letterSpacing: 1.5,
            ),
          ),
          SizedBox(height: 10.0),
          Text(
            '2025 - 2026',
            style: TextStyle(
              color: Colors.amberAccent.shade200,
              fontWeight: FontWeight.bold,
              fontSize: 26.0,
              letterSpacing: 1.5,
            ),
          ),

              SizedBox(width: 12.0),
              Text(
                'shravani@apsit.edu.in',
                style: TextStyle(
                  color: Colors.grey[300],
                  fontSize: 18.0,
                  letterSpacing: 1.0,
                ),
              ),
            ],
          ),

        ),
      ),
    ),
```

```
      ),

    );
  }
}
```



Conclusion: In this experiment we have design Flutter UI by including common widgets.
